

HOLISTIC ENERGY MANAGEMENT SOLUTIONS

POWERED BY APPI ENERGY

As a member benefit, APPI Energy provides North American Meat Institute members with trusted energy management solutions that are tailored to your needs, goals, and budgetary constraints. Our team is here to serve as an extension of your team, helping you to **reduce energy costs, reduce energy demand, and improve efficiency and sustainability**. In addition to negotiating more favorable electricity and natural gas supply contracts, APPI Energy can assist with both large and small-scale efficiency and sustainability projects, from demand response to LED retrofits to solar PV.

BENEFITS TO YOU INCLUDE

- ✓ Negotiating on your behalf: Advocating for you, not the supplier or the utility
- ✓ Minimizing risk: Analyzing contracts and monitoring regulatory changes
- ✓ Providing customized solutions: Including comprehensive evaluations on demand and usage profile
- ✓ Saving you time: Evaluate local utility and government policies to ensure all incentives are being captured
- ✓ Setting goals: Working with you to set, meet and oftentimes exceed your efficiency and sustainability goals

Operating on a foundation of data-driven consulting solutions, designed to help you save time, money, and minimize budgetary risk on the energy procurement process, APPI Energy is unbiased, working with only the most trusted, heavily-vetted suppliers, as well as technology agnostic, making recommendations that are aligned to your needs and goals.
